About Nano Magazine

www.nano-magazine.com

Reach a monthly digital audience in excess of **70,000**, and a total audience reach of **over 250,000** each year.

The **only** nanotechnology news platform where you can reach your audience across desktop, tablet, social, mobile, apps and Apple News.

We boast **a fully engaged audience**, which includes companies, investors, academic institutions, scientists, students, and people interested in nanotechnology.

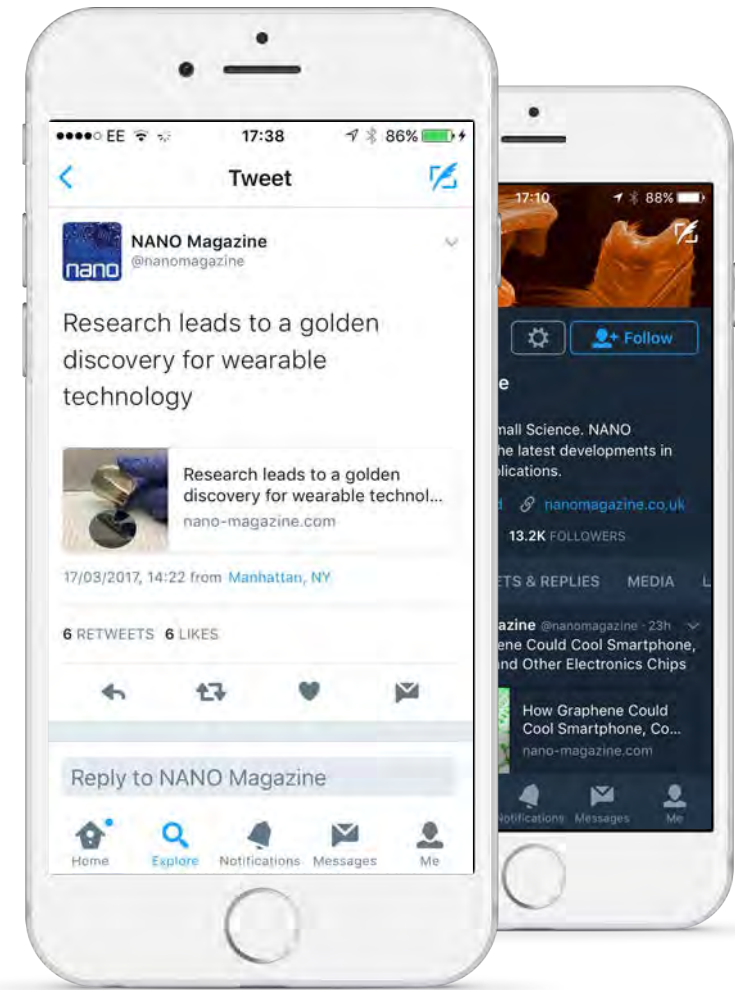

The Nano Magazine publishes daily online articles for the nanotechnology field, with featured news for research, business and funding. Weekly opinion pieces are published, written by guest contributors.

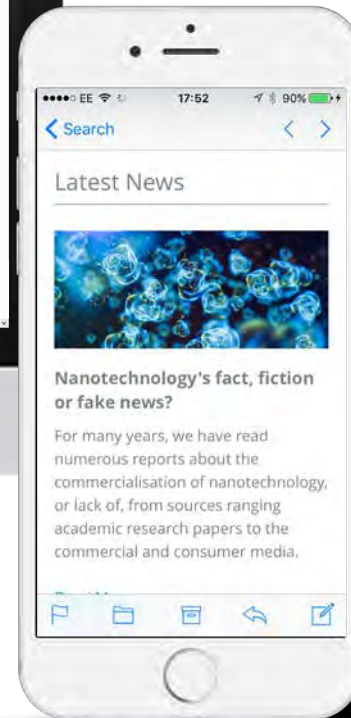

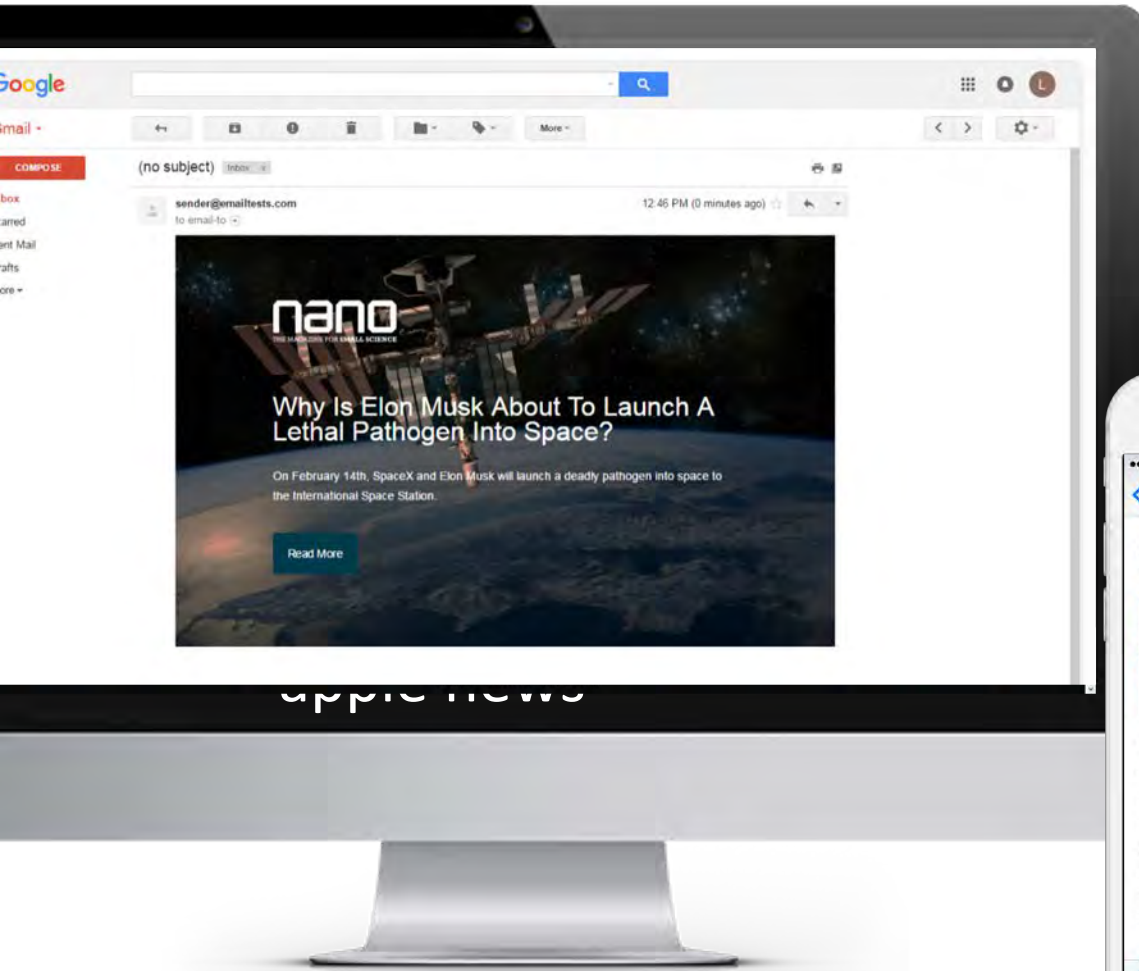

Our events section is updated on a regular basis to include a broad range of listings that include seminars, meetings and workshops, together with major conferences, exhibitions and trade shows across the world.

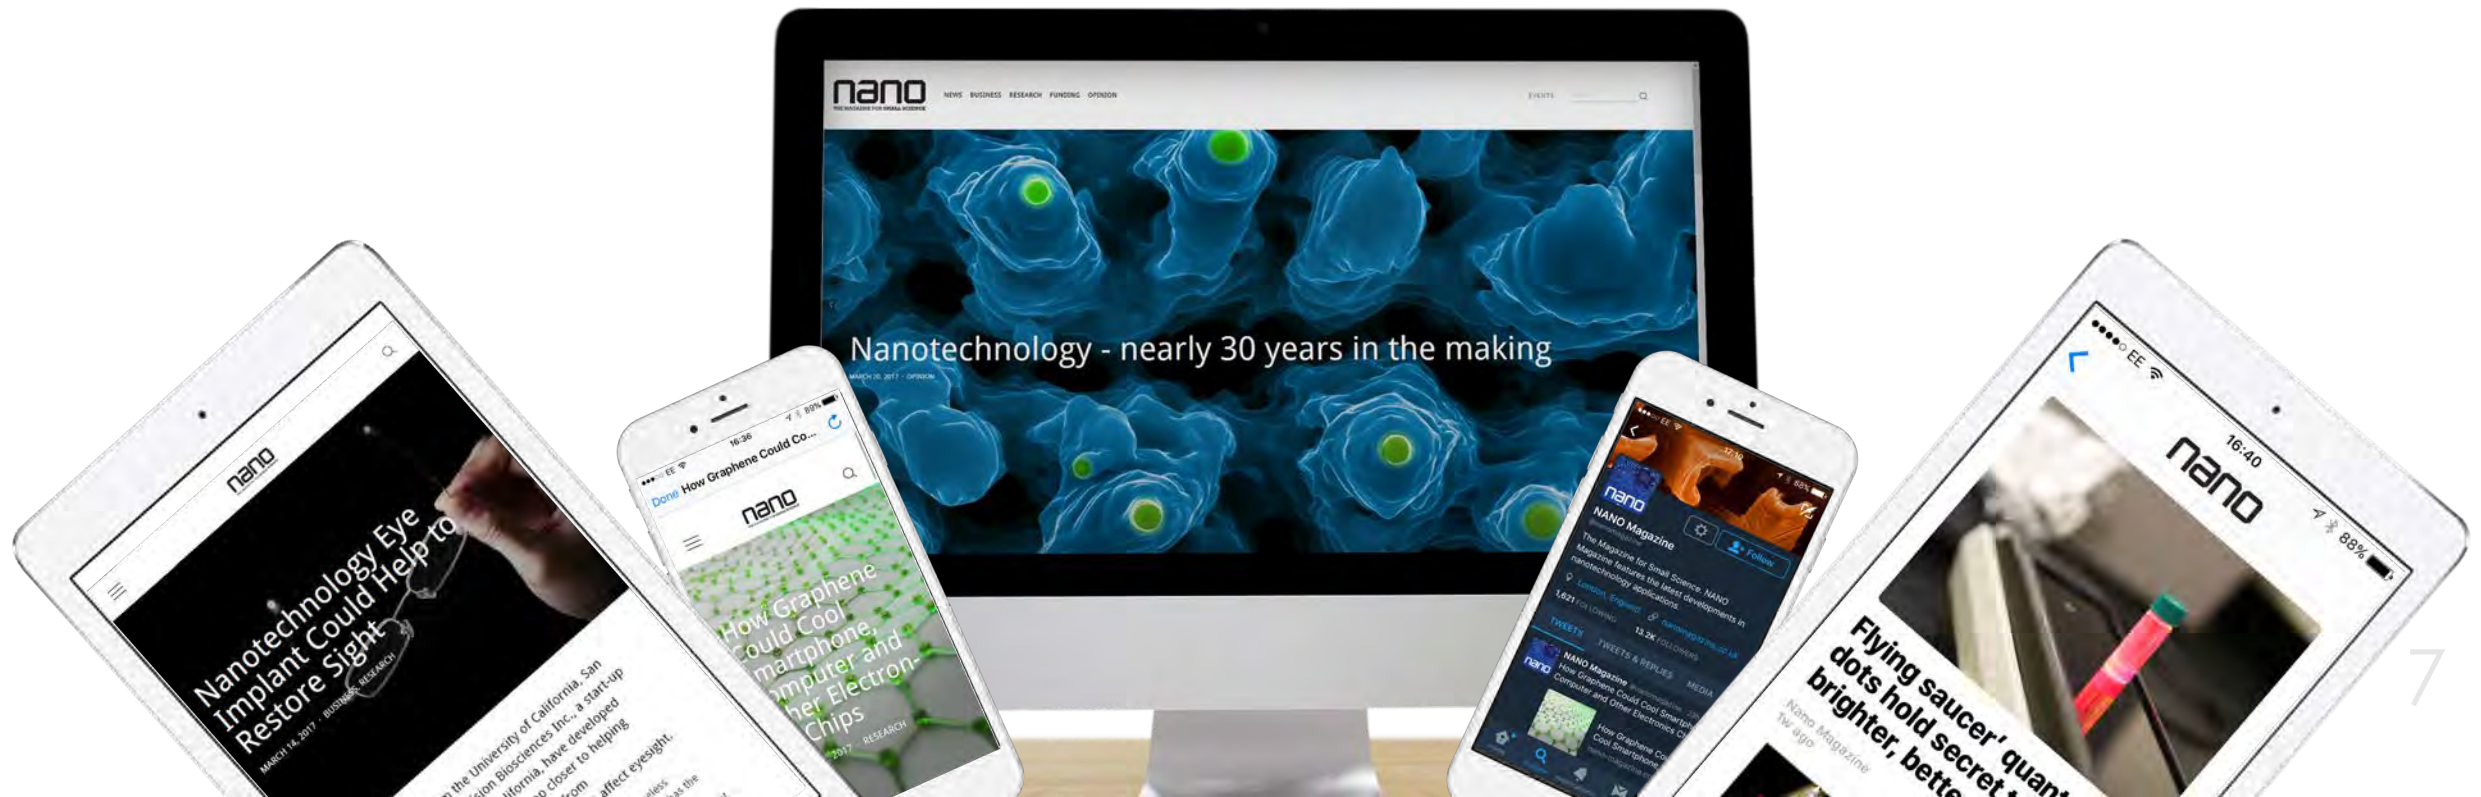

Engage over 16,000 followers on Twitter, and many thousands more on Facebook and LinkedIn. Our social media profiles have thousands of impressions each day, with rapidly growing audiences.

Over 70,000 individuals in the nano world, including investors, scientists, industrialists, students and decision makers, receive our weekly news round-ups, in addition to other emails.

Engage with an audience across desktop, tablet, social media and mobile, in addition to the Nano Magazine App and Apple News.

Maximise your engagement with the Nanotechnology community through the most comprehensive package we offer.
